ORDERED TWO MONTHS AGO

The Sanitary Reduction company will have a new steel air-tight wagon here next week unless the firm from which they have ordered it go back on them again.

Robert Bursner, manager of the company, states that no person knows better than he that the people have a right to object to the way the garbage is hauled through the streets, but it is not his fault and will be remedied as soon as possible.

At least two months ago the Sanitary Reduction company ordered from the United States Sanitary company, of Washington, D. C., an air-tight wagon, but it has not arrived yet, as the people here are well aware. In defense of his position Mr. Bursner showed a letter from the United States Sanitary company, in which they stated that they had been delayed in the shipment of the wagon on account of the non-arrival of some castings needed in its construction. They do not carry the wagons in stock, but they are made to order.

Mr. Bursner telegraphed the company last Monday and received word that the wagon would be shipped Thursday and it should be here next Tuesday. In addition to this a telegram was sent to the company to follow the wagon with telegraphic tracers in order that it would not be delayed a minute.

During the progress of the storm a strange phenomenon was witnessed by residents of Broadway, just below the Methodist church. A number of people in that vicinity were at their windows between 8 and 9 o'clock, watching the lightning play upon the wires along the street when suddenly a ball of fire, nearly the size of a human head, came rushing through space in an oblique direction, apparently, and crashed down upon the pavement in the middle of the street. It flew to pieces upon contact and its hot fragments sizzled on the wet pavement, 442. while the atmosphere was permeated with fumes of sulphur. The unusual sight was witnessed by residents on both sides of the street, and a number of the fragments were found with the aid of a lantern, shortly after the 000. fall of the meteor, for such it undoubtedly was. This morning the spots on he pavement where it struck, bounded ind burst to pieces were plainly visible. Many fragments of the body were ecured as mementoes of its strange escent to earth, and a sulphurous dor can be easily detected about nany of them.

DR PIERCE'S MEDICAL FOR THE BLOOD, LIVER, LUNGS.

that the majority of diseases have their origin in the derangement or disease of the stomach and other organs of digestion and nutrition. The stomach is the receptacle in which food is received and the laboratory in which it is prepared to nourish the different parts of the body. It prepares brain nourishment in one way, nerve nourishment in another, muscle nourishment in another. When the stomach is "out of order" various forms of nourishment are only partly or imperfectly prepared, and nerve, muscle, or brain, as the case may be, is only partly fed, and the result is pain, which is Nature's protest and warning. The pain may be in the head or in the heart, but you must reach it through the stomach or you can't cure it. That is the philosophy on which Dr. Pierce's Golden Medical Discovery is prepared. It has absolute control of the stomach and digestive and nutritive system. It cures diseases in head, heart, liver, lungs and other organs by curing the diseased condition of the stomach which prevents the proper nourishment. of the various organs and corrupts them by its own diseased condition, in the partial nourishment it provides. DR PIERCE'S MEDICAL FOR THE BLOOD, LIVER, LUNGS.

Experience has shown to physicians

that the majority of diseases have their origin in the derangement or disease of the stomach and other organs of digestion and nutrition. The stomach is the receptacle in which food is received and the laboratory in which it is prepared to nourish the different parts of the body. It prepares brain nourishment in one way, nerve nourishment in another, muscle nourishment in another. When the stomach is "out of order" these various forms of nourishment are only partly or imperfectly prepared, and nerve, muscle, or brain, as the case may be, is only partly fed, and the result is pain, which is Nature's protest and warning. The pain may be in the head or in the heart, but you must reach it through the stomach or you can't cure prepared. It has absolute control of the stomach and digestive and nutritive system. It cures diseases in head, heart, liver, lungs and other organs by curing the diseased condition of the stomach which prevents the proper nourishment. of the various organs and corrupts them by its own diseased condition, in the partial nourishment it provides. In like manner "Golden Medical Discovery" purifies the blood, by purifying the stomach and other blood-making organs.

It contains no alcohol, or other intoxicant, and no narcotic.

Will Not Go to Capital Until Allied Troops Defeat Tuan's Forces-Chinese Driving In Allies at Tien Tsin-Three Thousand Chinese Killed.

LONDON, July 14.—The scanty cable dispatches received today add nothing to the knowledge in London of the Chinese situation.

It is stated positively from Canton that Li Hung Chang will remain there until the allied troops have defeated from Che Foo, July 9, said in part: Prince Tuan's forces, and will then go north to lend his powerful aid in arranging terms of peace, co-operating

For the present Li Hung Char z considers that he can best control and direct the viceroys from Canton and also keep in check the turbulent province of Kwang Tung.

All the foreigners and missionaries have evacuated Wen Chau and have arrived at Ning Po. Large bodies of Boxers appeared at Wen Chau and threatened to exterminate the foreigners and Christians. They also distributed banners, badges and inflammatory anti-foreign appeals.

The Tien Tsin correspondent of The Express, telegraphing under date of July 9, asserts that the Chinese are daily driving in the allies. They have mounted, says the correspondent, 12 fresh guns in advantageous positions, with which they are sweeping the streets of the foreign settlement, the incessant fire rendering position after position quite untenable.

The Daily Mail's St. Petersburg correspondent said that in the last six hours' battle outside of Tien Tsin the Cossacks captured six Krupp guns and killed numbers of fleeing Boxers. The Chinese lost 3,000 killed, including General Kek.

The Convention Opened In London. Americans Taking an Important Part.

LONDON, July 14.—The world's Christian Endeavor convention opened with general pilgrimage to Wesley's chapel, where prayer meetings were held hourly all day long. They were attended by immense congregations of Christian Endeavor delegates.

The delay in the arrival of 700 American Christian Endeavorers necessitates alterations in the elaborate program for the Sunday services, during which a large number of the passengers who were booked to sail for England on the North German Lloyd steamer Saale, seriously damaged by the Hoboken fire, were expected to speak.

In the meantime the Christian Endeavorers from the United States were Rev. J. H. Elliott, Rev. Robert Pierce and Rev. Herbert J. White, of the United States and Rev. T. W. Wilson, of Canada.

WAS URGED TO TAKE THE PLACE.

Will Give Up His Position as First Assistant Postmaster General-The President Finally Prevailed Upon to Allow It. Political Conference.

CLEVELAND, July 14 .- An important political conference, attended by a number of prominent Republican leaders, was held at Senator Hanna's office here. The meeting was called by Mr. Hanna to discuss and decide upon the personnel of the new executive committee and to name a secretary of the national committee to succeed General Charles F. Dick. Before the conference closes it is also probable that a member of the national committee to fill the vacancy caused by the resignation of George B. Cox, of Ohio, will be chosen. Among those present at the conference were Chairman Hanna, Cornelius N. Bliss, Perry S. Heath, Charles F. Dick, Henry C. Payne, Charles Dawes, Myron T. Herrick and others.

Senator Hanna later announced that the following named had been chosen as members of the national executive committee:

Graeme Stewart, Illinois; Henry C. Payne. Wisconsin; Richard C. Kerens, Missouri; J. H. Manley, Maine; M. B. Scott, West Virginia; Frederick S. Gibbs, New York: Franklin Murphy, New Jersey; Harry S. New, Indiana. Chairman-M. A. Hanna; secretary, Perry S. Heath, C. N. Bliss, treasurer.

General Charles F. Dick's resignation as secretary of the national Republican committee was received and accepted. Messrs. Hanna, Heath and Payne were named as a committee to draft resolutions concerning the resignation of General Dick. Mr. Hanna stated that the personnel of the advisory committee was under cousideration, but that it would not be announced for ten days or two weeks. It was

also said that all of the members of wie our national committee of 1896 requested President McKinley to consent to the resignation of Mr. Heath as first assistant postmaster gen eral in order that he might become the secre tary of the national committee. The president, it was stated, strongly demurred to this proposition until Thursday, when he finally gave his consent.

In an interview, First Assistant Postmaster General Heath said:

"The subject which culminated today (Friday) in my selection as secretary of the Republican national committee was first broached to me by Chairman Hanna and members of the committee some weeks ago, and was renewed with much earnestness and insistency at the Philadelphia convention.

"At first I was much averse to taking up this work, knowing what it meant in volume and character. President McKinley did not wish me to quit my position in the postoffice de partment.

"I was summoned from Maine on Saturday last to Cleveland by Chairman Hanna and re quested to attend a meeting of the executive committee bere today.

"Here the subject was renewed by all the members of the executive committee in such a personal and earnest manner that I consented to undertake the work.'

When asked as to his intentions respecting his resignation as first assistant postmaster general, Mr. Heath said:

'At Canton yesterday (Thursday) I talked with the president and Postmaster General Smith, and will renew the subject with the postmaster general on Monday. My services with the national committee will, I presume, be needed as soon as the Chicago headquarters are opened the latter part of this month.'

Concerning Mr. Heath's resignation as first assistant postmaster general, Senator Hanna said that in his conversation with the presi dent at Canton that the latter expressed deep regret that the committee deemed it necessary for Mr. Heath to leave his position in the post office department, where he had renderad such satisfactory service, and expressed the great est confidence in and admiration for Mr. Heath, both officially and personally. He also stated that the most cordial expressions in the same direction were made by Postmaster General Smith, and that Mr. Heath did not consent to accept the secretaryship of the national committee until after he and members of the committee had personally and frequently in-

The new executive committee adopted the following resolution in reference to General Dick's resignation as secretary of the national Republican committee:

'The executive committee receives with sincere and deep regret the resignation of the Hon. Charles Dick, secretary of the Republican national committee. The resignation comes as a result of the unanimous election by the Ohio Republican state central commu-tee and the call of the party of the state to lead them in this important campaign, and is recognized as the universal desire of the party organization of the state. The Republican na tional committee and the party at large are under obligations to General Dick for efficient. effective, loyal and indefatigable service. In accepting this resignation the committee defers to the judgment of General Dick that he can best serve his party by devoting his entire time and energy to the party's interests in Dhio, the home of the president."

It is the understanding of the executive committee that President McKinley also re quested General Dick to take charge of the Ohio campaign.

The executive committee chose Colonel My ron T. Herrick, of this city, to fill the vacancy on the national committee caused by the resignation of George B. Cox, of Cincinnati.

The committee renewed the lease for the rooms occupied as headquarters in the Metropolitan Life Insurance building, Madison square, New York. Messrs. Payne and Stewart were instructed

to look over the ground in Chicago, with a view to securing a location for the national committee in that city. It is expected that the Chicago headquarters will be opened dur ing the latter eart of the present month.

The committee, after considerable discussion, decided to maintain no special bureaus during the coming campaign. In 1896 a number of these, including negre, German and woman's bureaus, were operated as auxiliaries to the national headquarters. This work will all be assumed now by the officers of the several committees.

Guild Considered and Briston Has Been Mentioned For the Office,

WASHINGTON, July 14 -So far as known here, the appointment of a successor to First Assistant Postmaster General Heath had not been decided

Mr. Heath's retirement from the postoffice department, following his selection as secretary of the Republican national committee, has been contemplated for some time, and there has been some informal discussion as to his successor. It is one of Postmaster General Smith's objects in going to Canton this week to discuss this matter with the president.

Curtis Guild, of Massachusetts, to whom the president at the close of the Spanish war tendered an appointment as member of the insular committee, has been considered for the office, and Fourth Assistant Postmaster General Bristow, who investigated the Cuban postal system recently, has been men-

"Here the subject was renewed by all the members of the executive committee in such a personal and earnest manner that I consented to undertake the work."

When asked as to his intentions respecting his resignation as first assistant postmaster general, Mr. Heath said:

"At Canton yesterday (Thursday) I talked with the president and Postmaster General Smith, and will renew the subject with the postmaster general on Monday. My services with the national committee will, I presume, be needed as soon as the Chicago headquarters are opened the latter part of this month."

Concerning Mr. Heath's resignation as first assistant postmaster general, Senator Hanna said that in his conversation with the president at Canton that the latter expressed deep regret that the committee deemed it necessary for Mr. Heath to leave his position in the postoffice department, where he had rendered such satisfactory service, and expressed the great est confidence in and admiration for Mr. Heath, both officially and personally. He also stated that the most cordial expressions in the same direction were made by Postmaster General Smith, and that Mr. Heath did not consent to accept the secretaryship of the national committee until after he and members of the committee had personally and frequently in-

The new executive committee adopted the following resolution in reference to General Dick's resignation as secretary of the national Republican committee:

"The executive committee receives with sincere and deep regret the resignation of the Hon. Charles Dick, secretary of the Republi-can national committee. The resignation comes as a result of the unanimous election by the Ohio Republican state central commutee and the call of the party of the state to lead them in this important campaign, and is recognized as the universal desire of the party organization of the state. The Republican national committee and the party at large are under obligations to General Dick for efficient. effective, loyal and indefatigable service. In accepting this resignation the committee defers to the judgment of General Dick that he can best serve his party by devoting his en-tire time and energy to the party's interests in

Dhio, the home of the president." It is the understanding of the executive committee that President McKinley also requested General Dick to take charge of the Ohio campaign.

The executive committee chose Colonel Myron T. Herrick, of this city, to fill the vacancy on the national committee caused by the resignation of George B. Cox, of Cincinnati.

The committee renewed the lease for the rooms occupied as headquarters in the Metropolitan Lafe Insurance building, Madison square, New York.

Messrs. Payne and Stewart were instructed to look over the ground in Chicago, with a view to securing a location for the national committee in that city. It is expected that the Chicago headquarters will be opened during the latter eart of the present month.

The committee, after considerable discussion decided to maintain no special bureaus during the coming campaign. In 1896 a number of these, including negre, German and woman's bureaus, were operated as auxiliaries to the national headquarters. This work will all be assumed now by the officers of the several

Guild Considered and Briston Has Been Mentioned For the Office,

WASHINGTON, July 14 -So far as known here, the appointment of a successor to First Assistant Postmaster General Heath had not been decided

Mr. Heath's retirement from the postoffice department, following his selection as secretary of the Republican national committee, has been contemplated for some time, and there has been some informal discussion as to his successor. It is one of Postmaster General Smith's objects in going to Canton this week to discuss this matter with the president.

Curtis Guild, of Massachusetts, to whom the president at the close of the Spanish war tendered an appointment as member of the insular committee, has been considered for the office, and Fourth Assistant Postmaster General Bristow, who investigated the Cuban postal system recently, has been mentioned.

Rev. W. P. Chalfant Says They Ridiculed Warnings of Missionaries.

SAN FRANCISCO, July 14.—The Rev. William P. Chalfant, of Pittsburg, a Presbyterian missionary who arrived from China on the steamer Rio de Janeiro, places the blame for the present outbreak at the door of the European diplomats in Pekin.

"Warning after warning," said Mr. Chalfant, "was sent by the various missionaries to the embassies at Pekin. The messages, however, were treated with ridicate, and we were told that we were alarming ourselves unnecessarily. The disregard paid by the authorities to our warnings is largely responsible for the present situation."

CLEVELAND, July 14 .- An important political conference, attended by a number of prominent Republican leaders, was held at Senator Hanna's office here. The meeting was called by Mr. Hanna to discuss and decide upon the personnel of the new executive committee and to name a secretary of the national committee to succeed General Charles F. Dick. Before the conference closes it is also probable that a member of the national committee to fill the vacance caused by the resignation of George B. Cox, of Ohio, will be chosen. Among those present at the conference were Chairman Hanna, Cornelius N. Bliss, Perry S. Heath, Charles F. Dick, Henry C. Payne, Charles Dawes, Myron T.

In an interview, First Assistant Postmaster General Heath said:

"The subject which culminated today (Friday) in my selection as secretary of the Republican national committee was first broached to me by Chairman Hanna and members of the committee some weeks ago, and was renewed with much earnestness and insistency at the Philadelphia convention.

"At first I was much averse to taking up this work, knowing what it meant in volume and character. President McKinley did not wish me to quit my position in the postoffice de-

When asked as to his intentions respecting his resignation as first assistant postmaster general, Mr. Heath said:

STAND OUT FOR THE RIGHT

"Evil communications corrupt good manners." Every man and woman of common sense will admit this undeniable fact. The following was handed in at the News Review office this morning by some one unknown. It is a good thing, directly applicable to the saloon question in East Liverpool, and we therefor reproduce it. It is one of General Booth's anecdotes:

Action Entered Against Them This Morning and Case Will be Heard Monday.

John Barnes and his wife, Jennie Barnes, Trentvale street, were brought in Squire McLane's court on a charge of cruelty to an adopted daughter. Frances Barnes. The complaint was filed last evening by a neighbor, Mrs. Emma Vincent. The charge against the defendants is that they "did torture, torment and cruelly and unlawfully punish one Frances Barnes, the said Frances Barnes being a minor under the age of 16 and under control of the said John and Emma Barnes."

The little girl was brought from an orphan's home in England by Mr. and Mrs. Barnes.

Humane Officer Miller served the papers on the defendants. The little girl was sent to Mrs. Vincent's, who is now taking care of her.

Mrs. Barnes appeared in court this morning carrying an enormous bundle of clothing, intended to disprove the statement that the girl was not properly clothed.

The defendants demanded a trial by jury and the case will be heard Monday at 1 o'clock.

Late yesterday afternoon by a vote of 93 to 3 it was decided to send a committee to the east to visit the dissenting locals in Trenton and see if the differences in regard to the uniform wage scale could not be amicably adjusted.

The effort to make a change in the executive board was voted down by the convention and the advisory board will'remain as in the past, with Trenton and Wheeling left out in the cold.

The salary of the secretary will be increased this afternoon and the vice presidents will be given a small salary for their work.

E. A. Stevenson, candidate for president, concedes his defeat and states that President Hughes and all the old officers will be re-elected, but that he will receive some complimentary votes. The election will not take pl until late this afternoon.

The Sanitary Reduction company will have a new steel air-tight wagon here next week unless the firm from on them again.

Robert Bursner, manager of the company, states that no person knows better than he that the people have at home with their families? a right to object to the way the garbage is hauled through the streets, but it is not his fault and will be remedied as soon as possible.

At least two months ago the Sanitary Reduction company ordered from the United States Sanitary company, of Washington, D. C., an air-tight wagon, but it has not arrived yet, as the people here are well aware. In defense of his position Mr. Bursner showed a letter from the United States Sanitary company, in which they stated that they had been delayed in the shipment of the wagon town; Miss Butler, Beaver Falls, Pa.; on account of the non-arrival of some castings needed in its construction. They do not carry the wagons in stock, but they are made to order.

Mr. Bursner telegraphed the company last Monday and received word that the wagon would be shipped Thursday and it should be here next Tuesday. In addition to this a telegram was sent to the company to follow the wagon with telegraphic tracers in order that it would not be delayed a minute.

A METEOR.

Salem Was Visited by One During a Storm and Several People Have Fragments of It.

Salem News.

During the progress of the storm a strange phenomenon was witnessed by residents of Broadway, just below the Methodist church. A number of people in that vicinity were at their windows between 8 and 9 o'clock, watching the lightning play upon the wires along the street when suddenly a ball of fire, nearly the size of a human head, came rushing through space in an oblique direction, apparently, and crashed down upon the pavement in the middle of the street. It flew to pieces upon contact and its hot fragments sizzled on the wet pavement, 442. while the atmosphere was permeated with fumes of sulphur. The unusual sight was witnessed by residents on both sides of the street, and a number of the fragments were found with the aid of a lantern, shortly after the all of the meteor, for such it undoubtedly was. This morning the spots on the pavement where it struck, bounded ind burst to pieces were plainly visile. Many fragments of the body were ecured as mementoes of its strange escent to earth, and a sulphurous dor can be easily detected about any of them.

The amount paid during protection Belmont County will probably see and prosperity, 1897-9, amounted to the first automobile service inaugurated for public conveyance in this section of the country, and probably the only one in the state of Ohio. The projectors of this new system of transportation are St. Clairsville people, who have had this idea under consideration for some time and have thoroughly investigated the matter and at present they feel that the proposed route for this new conveyance is just what they want. Those connected with the enterprise have abundant capital. The route is from the end of the Wheeling street railway line, in West Bridgeport, to St. Clairsville, which is a fraction over eight miles. D. PIERCE'S MEDICAL

Experience has shown to physicians

that the majority of diseases have their origin in the derangement or disease of the stomach and other organs of digestion and nutrition. The stomach is the receptacle in which food is received and the laboratory in which it is prepared to nourish the different parts of the body. It prepares brain nourishment in one way, nerve nourishment in another, muscle nourishment in another. When the stomach is "out of order" these various forms of nourishment are only partly or imperfectly prepared, and nerve, muscle, or brain, as the case may be, is only partly fed, and the result is pain, which is Nature's protest and warning. The pain may be in the head or in the heart, but you must reach it through the stomach or you can't cure prepared. It has absolute control of the stomach and digestive and nutritive system. It cures diseases in head, heart, liver, lungs and other organs by curing the diseased condition of the stomach which prevents the proper nourishment of the various organs and corrupts them by its own diseased condition, in the partial nourishment it provides. In like manner "Golden Medical Discovery" purifies the blood, by purifying the stomach and other blood-making organs.

It contains no alcohol, or other intoxicant, and no narcotic.

WOMEN'S MITE CONVENTION

An Excellent Program Was Rendered at the Session Held Last Evening.

MISS MONYE, OF WILBERFORCE.

A Student Who Was Brought Here From Africa Made a Brief Address.

THE PROGRAM FOR TOMORROW

The devotional exercises at the last evening's session of the A. M. E. Women's Mite Missionary convention were led by Mrs. Roda Johnson, of Steubenville. Before the regular program of the evening was commenced the East Liverpool choir furnished excellent selections.

Mrs. Angie Lucas, Youngstown, gave a short address on "The Work Among the Children." "Little Things and Their Relation to Social Life" was the subject of a paper by Mrs. J. Saunders, Van Wert, who was unable to be present, but her paper was read by Miss Marie Taylor. Miss Culpher read a paper prepared by Miss Veney, Smithfield, on "Little Mistakes, How Destructive." Mrs. Sadie Preston, of Bellaire, delivered an excellent address on "Little Acts of Kindness." Miss Grace Bell spoke on "The Wasted Mites."

Miss Charlotte Manye, of Wilber-Liverpool society.

After the morning's song and prayer service Mrs. Walter Allen conducted the devotional exercises. In the absence of Mrs. Ferguson, of Wilberforce, Mrs. S. A. Homager conducted the Bible study. A very interesting paper was read by Mrs. R. Turner, Mt. Vernon.

After considerable discussion the convention decided unanimously to cooperate with the Pittsburg conference branch and publish an organ for the Women's Missionary society of the Third Episcopal district. The Pittsburg conference in their convention passed a resolution favoring the publication of such an organ if favorable to the North Ohio conference. Arrangements will be made to meet with a committee from the Pittsburg conference and decide as to the place of publication, frequency of issue and manner of conducting the paper.

The children's meeting in the afterncon was led by Miss L. Polk, Piqua. Miss Charlotte Mange, of Wilberforce, was in charge of the young people's meeting. The treasurer of the conforce, made a brief address before the convention. Miss Monye is a student who was brought from Africa and is being educated at Wilberforce college, this being her fourth year. After graduating from the institution she will take a place as teacher there.

Among the musical features of the evening's session was an excellent duet by Miss Marie Taylor and Mrs. Cora Brock, of Cleveland.

Rev. W. J. Johnson, one of the founders of the Women's Mite society, made a short address.

The collection for the day amounted to \$3 60, which, with the \$6 70 raised the first day of the convention, makes a total of \$10 30 raised for missionary work during the convention so far. The collections lifted during the convention will be credited to the East ference made her report at this session, showing a very favorable condition of the treasury.

Mr. Simpson, of Steubenville, was introduced to the convention and gave a short talk.

The delegates to the convention will

BUGGY WAS A TOTAL WRECK

Wallace Bryan, of Hookstown, went over the side of the hill on Shadyside avenue, in the West End, with his horse and buggy about 9:30 last night. He was driving along the road when his horse took fright and jumped over the embankment. Bryan was knocked senseless and remained unconscious for some time. When found it was thought that he was dead. The patrol was sent for, but he recovered before their arrival sufficiently to take care of himself. His buggy was a wreck, but the horse was not badly hurt. Mr. Bryan is lucky with return limit of 16 days, giving enough to escape with no serious in- opportunity for rest and recreation by juries, only sustaining a few bruises the mighty water. It is likely that the Supreme court will be asked to pass upon the constitutionality of the law passed by the last session of the general assembly granting exemption from taxation the property of fraternal benefit societies. The law in question gives exemption to the G. A. Will Not Go to Capital Until Allied Troops Defeat Tuan's Forces-Chinese Driving In Allies at Tien Tsin-Three Thousand Chinese Killed.

London, July 14.—The scanty cable dispatches received today add nothing to the knowledge in London of the Chinese situation.

It is stated positively from Canton that Li Hung Chang will remain there until the allied troops have defeated from Che Foo, July 9, said in part: Prince Tuan's forces, and will then go north to lend his powerful aid in arranging terms of peace, co-operating with Prince Ching, Yung Lu and the other pro-toreign viceroys

For the present Li Hung Charz con-

siders that he can best control and direct the viceroys from Canton and also keep in check the turbulent province of

Kwang Tung.

All the foreigners and missionaries have evacuated Wen Chau and have arrived at Ning Po. Large bodies of Boxers appeared at Wen Chau and threatened to exterminate the foreigners and Christians. They also distributed banners, badges and inflammatory anti-foreign appeals.

The Tien Tsin correspondent of The Express, telegraphing under date of July 9, asserts that the Chinese are daily driving in the allies. They have mounted, says the correspondent, 12 fresh guns in advantageous positions, with which they are sweeping the streets of the foreign settlement, the incessant fire rendering position after position quite untenable.

The Daily Mail's St. Petersburg correspondent said that in the last six hours' battle outside of Tien Tsin the Cossacks captured six Krupp guns and killed numbers of fleeing Boxers. The Chinese lost 3,000 killed, including General Kek.

Rev. W. P. Chalfant Says They Ridiculed Warnings of Missionaries.

SAN FRANCISCO, July 14.—The Rev. William P. Chalfant, of Pittsburg, a Presbyterian missionary who arrived from China on the steamer Rio de Janeiro, places the blame for the present outbreak at the door of the European diplomats in Pekin.

'Warning after warning," said Mr. Chalfant, "was sent by the various missionaries to the embassies at Pekin. The messages. however, were treated with ridicale, and we were told that we were alarming ourselves unnecessarily. The disregard paid by the authorities to our warnings is largely responsible for the present situation."

A MESSAGE TO CONGER

IF HE IS LIVING

Minister Wu Undertook to Have Gotten Through a Communication From Secretary Hay.

WASHINGTON, July 14.—The Chinese minister, Mr. Wu, undertook to get through a cipher cable message from Secretary Hay to United States Minister Conger, at Pekin, and to have the answer brought back if Mr. Conger was alive. The message was prepared by Secretary Hay and the contents is unknown to Mr. Wu. It was sent to Shanghai, with explicit instructions from Minister Wu to spare no efforts or expense to get it into the hands of Mr. Conger.

Beside forwarding the message to Minister Conger, Mr. Wu sent to Chinese officials a detailed and urgent explanatory message, in which was set forth the imperative importance of performing this service for the American government. The official was urged to spare no effort or expense in forwarding the message by couriers, runners or any other means into the hands of Minister Conger, and to use like means in getting back the answer to the American government. About three days have elapsed since the message to Mr. Conger went forward, and it was confidently believed that it was now on its way from Shanghai to Pekin, surrounded by such safeguards and such efforts for speed that a reasonably early answer may be expected.

At the same time, it was rumored that it took about ten days for China's official decree to get from Pekin to Washington. Minister Wu was bending every energy to accomplish this task at the earliest possible moment, for he looked upon it not only as a duty, but as show their sincere desire to render every unknown in Spitzbergen.

The department of state has received a dispatch from Consul McWade, at Canton, saying that the viceroy, Li Hang Chang, has engaged quarters upon the Chinese steamer An Ping, but that the date of the departure for the north is as yet undecided.

WORLD'S C. E. CONVENTION.

The Convention Opened In London. Americans Taking an Important Part.

LONDON, July 14.—The world's Christian Endeavor convention opened with general pilgrimage to Wesley's chapel, where prayer meetings were beld hourly all day long. They were attended by immense congregations of Christian Endeavor delegates.

The delay in the arrival of 700 American Christian Endeavorers necessitates alterations in the elaborate program for the Sunday services, during which a large number of the passengers who were booked to sail for England on the North German Lloyd steamer Saale, seriously damaged by the Hoboken fire, were expected to speak.

In the meantime the Christian Endeavorers from the United States were Rev. J. H. Elliott, Rev. Robert Pierce and Rev. Herbert J. White, of the United States and Rev. T. W. Wilson, of Canada.

WAS URGED TO TAKE THE PLACE.

Will Give Up His Position as First Assistant Postmaster General-The President Finally Prevailed Upon to Allow It. Political Conference.

CLEVELAND, July 14 .- An important political conference, attended by a number of prominent Republican leaders, was held at Senator Hanna's office here. The meeting was called by Mr. Hanna to discuss and decide upon the personnel of the new executive committee and to name a secretary of the national committee to succeed General Charles F. Dick. Before the conference closes it is also probable that a member of the national committee to fill the vacance caused by the resignation of George B. Cox, of Ohio, will be chosen. Among those present at the conference were Chairman Hanna, Cornelius N. Bliss, Perry S. Heath, Charles F. Dick, Henry C. Payne, Charles Dawes, Myron T. Herrick and others.

Senator Hanna later announced that the following named had been chosen as members of the national executive committee:

Graeme Stewart, Illinois; Henry C. Payne. Wisconsin; Richard C. Kerens, Missouri; J. H. Manley, Maine; M. B. Scott, West Virginia; Frederick S. Gibbs, New York; Franklin Murphy, New Jersey; Harry S. New, Indiana. Chairman-M. A. Hanna; secretary, Perry

S. Heath, C. N. Bliss, treasurer. General Charles F. Dick's resignation as sec retary of the national Republican committee was received and accepted. Messrs. Hanna Heath and Payne were named as a committee to draft resolutions concerning the resignation of General Dick. Mr. Hanna stated that the personnel of the advisory committee was under consideration, but that it would not be announced for ten days or two weeks. It was

also said that all of the members or wie our national committee of 1896 requested President McKinley to consent to the resignation of Mr. Heath as first assistant postmaster gen eral in order that he might become the secre tary of the national committee. The president, it was stated, strongly demurred to this proposition until Thursday, when he finally gave his consent.

In an interview, First Assistant Postmaster General Heath said:

"The subject which culminated today (Friday) in my selection as secretary of the Republican national committee was first broached to me by Chairman Hanna and members of the committee some weeks ago, and was renewed with much earnestness and insistency at the Philadelphia convention.

"At first I was much averse to taking up this work, knowing what it meant in volume and character. President McKinley did not wish me to quit my position in the postoffice department.

"I was summoned from Maine on Saturday last to Cleveland by Chairman Hanna end requested to attend a meeting of the executive

committee bere today. "Here the subject was renewed by all the members of the executive committee in such a personal and earnest manner that I consented

to undertake the work." When asked as to his intentions respecting his resignation as first assistant postmaster general, Mr. Heath said:

"At Canton yesterday (Thursday) I talked with the president and Postmaster General Smith, and will renew the subject with the postmaster general on Monday. My services with the national committee will, I presume, be needed as soon as the Chicago headquarters are opened the latter part of this month.'

Concerning Mr. Heath's resignation as first assistant postmaster general, Senator Hanna said that in his conversation with the president at Canton that the latter expressed deep regret that the committee deemed it necessary for Mr. Heath to leave his position in the post office department, where he had renderad such satisfactory service, and expressed the greatest confidence in and admiration for Mr. Heath, both officially and personally. He also stated that the most cordial expressions in the same direction were made by Postmaster General Smith, and that Mr. Heath did not consent to accept the secretaryship of the national committee until after he and members of the committee had personally and frequently in-

The new executive committee adopted the following resolution in reference to General Dick's resignation as secretary of the national Republican committee:

'The executive committee receives with sincere and deep regret the resignation of the Hon. Charles Dick, secretary of the Republican national committee. The resignation comes as a result of the unanimous election by the Ohio Republican state central commis tee and the call of the party of the state to lead them in this important campaign, and is recognized as the universal desire of the party organization of the state. The Republican na tional committee and the party at large are under obligations to General Dick for efficient. effective, loyal and indefatigable service. In

accepting this resignation the committee defers to the judgment of General Dick that he can best serve his party by devoting his entire time and energy to the party's interests in Dhio, the home of the president." It is the understanding of the executive

quested General Dick to take charge of the Ohio campaign. The executive committee chose Colonel My ron T. Herrick, of this city, to fill the vacancy on the national committee caused by the resig-

committee that President McKinley also re-

nation of George B. Cox, of Cincinnati. The committee renewed the lease for the rooms occupied as headquarters in the Metropolitan Life Insurance building, Madison square, New York.

Messrs. Payne and Stewart were instructed to look over the ground in Chicago, with a view to securing a location for the national committee in that city. It is expected that the Chicago headquarters will be opened during the latter eart of the present month.

The committee, after considerable discussion, decided to maintain no special bureaus during the coming campaign. In 1896 a number of these, including negre, German and woman's bureaus, were operated as auxiliaries to the national headquarters. This work will all be assumed now by the officers of the several committees.

Guild Considered and Briston Has Been Mentioned For the Office,

WASHINGTON, July 14 -So far as known here, the appointment of a successor to First Assistant Postmaster General Heath had not been decided

Mr. Heath's retirement from the postoffice department, following his selection as secretary of the Republican national committee, has been contemplated for some time, and there has been some informal discussion as to his successor. It is one of Postmaster General Smith's objects in going to Canton this week to discuss this matter with the president.

Curtis Guild, of Massachusetts, to whom the president at the close of the Spanish war tendered an appointment as member of the insular committee, has been considered for the office, and Fourth Assistant Postmaster General Bristow, who investigated the Cuban postal system recently, has been men-
